

NVS ULTRA 2

Android LED Multimedia Player / Playback Control Processor

Product Description

The NVS ULTRA 2 is a compact LED multimedia player designed for professional digital signage and LED video wall applications. It integrates multimedia playback, LED display control, storage and network connectivity into a single device. With 4 GB RAM, 32 GB internal storage, multiple HDMI and USB interfaces, Gigabit Ethernet connectivity and audio outputs, it provides a flexible platform for scheduled and network-managed content playback.

Technical Specifications

Parameter	Specification
Brand/Make	NVS NEWTECH VIDEO SYSTEMS PVT LTD
Model	NVS ULTRA 2
Product Type	LED Multimedia Player / Playback Control Processor
Operating System	Android-based platform
Processor	Quad-core 1.8 GHz ARM A55
RAM	4 GB
Internal Storage	32 GB
Gigabit Ethernet Outputs	4
HDMI Inputs	2 × HDMI 1.3
USB	3 × USB 2.0
Audio Output	3.5 mm + SPDIF
LED Loading Capacity	Up to 2.6 million pixels
Bluetooth	Bluetooth 5.1
Wi-Fi	Allow for Wi-Fi and wireless hotspot connections at the same time
Image Scaling	Supported
Content Management	Network/content management supported within compatible ecosystem
Content Scheduling	Supported
Multimedia Playback	Supported
Eye comfort	Supported
Mirroring	Wireless screen mirroring from multiple platforms
LED Screen Control	Integrated
Operating Temperature	−20°C to +50°C
Operating Humidity	0–80% RH, non-condensing
Input Voltage	DC 12 V / 3 A
Rated Power Consumption	21 W
Net Weight	Approx. 1.12 kg

Applications

Digital Signage, Advertising Displays, Corporate Communication, Retail Displays, Information Displays, Indoor LED Walls, Educational Institutions, Showrooms and Commercial Display Systems.
